JUNIOR BOWLING LEAGUE NOTICE

Hey Kids! If you're between the ages of 7 and 18 years old, and enjoy bowling, and would like to bowl in a league designed for young people only, for prizes and trophies, register your name at the local Legion Lanes sometime on or before Wednesday, October 20th.

Both girls and boys are needed to fill out this league, and remember, it's not necessary to be the best bowler in the world. Maybe you've never bowled before, but this doesn't eliminate you from joining and having a good time with all the other kids.

Every effort will be made to get the regular Junior League teams underway on Saturday, October 30th.

Any child registering for this league between the hours of 12 noon and 6 p.m. Saturday, October 23rd, will be given one free game of open bowling which must be bowled on Saturday, October 23rd or Sunday, October 24th, between the hours of 12 noon and 6 p.m.

Area-Resident Succumbed Monday

Mrs. Olivia M. Selleck of Higgins Lake, succumbed very suddenly, Monday morning, October 18th, and was dead on arrival at Mercy Hospital, Grayling.

Mrs. Selleck was born in Trenton, New Jersey, on October 22, 1903. She was married to Robert Selleck in Flint, Michigan, in the fall of 1934, and they made their home in the Flint area until five years ago when they moved to their present home.

The deceased was a former school teacher and retired from the Flint school system in 1959. She was also at one time Director of Religious Education at the First Presbyterian Church of Flint, where she was an inspiration to the young people with whom she came in contact. She was a member of the Sweet Adelines of Roscommon.

Services were to have been held at the Steuernol Funeral Home in Roscommon, on Wednesday morning, October 20th at 10 o'clock with the Rev. Jackson Turner officiating. Burial was to be in Sunset Hills, Flint.

Mrs. Selleck is survived by her husband and a host of friends.

Police Brutality ???

Abuse of authority is deeply repugnant to Americans. Their forbearers fled Europe to escape tyranny. A primary concern of the founding fathers of our republic was to protect citizens against tyrannical authority. So it is not surprising that there is considerable sensitivity to the recent charges of "police brutality" that have been sweeping the country as an aftermath of riots in major cities. Many wonder if the police have been guilty.

Because of the cry of brutality that has been raised against the police instead of the rioters, searching inquiries have been conducted in the most notorious trouble spots. U. S. News & World Report recently made a diligent study of the problem and has come up with highly significant findings—findings that indicate an organized technique to discredit law and order across the nation. The U. S. News study showed no evidence of any "wave" of brutality on the part of police toward citizens in the cities of the United States. On the contrary, "What research does reveal is that civilian brutality against the police is being practiced rather widely." For example, the riot in Los Angeles of a few weeks ago was touched off because of an officer's arrest of a man on a drunk driving charge, yet the cry went up of police brutality to justify an orgy of looting, arson and mayhem.

There have undoubtedly been cases of brutality, but verified instances are being lost in a sea of inaccurate or trivial accounts of mishandling by police. Senator Democrat leader Mike Mansfield has decried the "loose charge of police brutality", and added, "The police are not privileged to take sides or discriminate as among laws. Their job is to uphold all laws and, on the whole, they do an excellent job of it." The question is what is brutality? As defined by some of the rioters, it becomes a grotesque insult to the intelligence of law-abiding citizens. One case cited by U. S. News tells of a brutality complaint to the Department of Justice from a Negro woman in the South who said her son had been abused for merely stealing a bag of peanuts. Inquires showed that what her son stole was a huge burlap bag of peanuts in a trailer truck—and that he had stolen the truck, too. Then there was a stout lady who, with demonstrators, lay down in the street to resist arrest. Her complaint: "Police had not picked her up 'gracefully' in taking her to the van."

Then there are also charges of "verbal brutality" in which police officers are accused of using rough language. In Berkeley, California, in 1964, student demonstrators at the University of California staged disorders in defiance of university authorities and police. A student "Police Brutality Committee" began grinding out propaganda before the first arrest, and students were

primed to start chanting brutality as soon as the police appeared on the scene. Berkeley police captain William Beall said: "Brutality is the first thing that occurs to people to yell when they are trying to undermine authority . . . A policeman dreads the moment when someone will yell 'brutality'. That charge robs him of his dignity. It takes away everything he's trying to do—what he believes in."

An official of the International Association of Chiefs of Police, Charles E. Moore, told the Senate Internal Security Subcommittee that the demonstrations at Berkeley were a classic example of techniques used by communists to "destroy the public confidence in the police—when you destroy the symbol of authority and of the laws you bring about anarchy."

The career of a policeman is hazardous at best. Unless he has support of all law-abiding citizens, his job becomes virtually impossible as well as hazardous. FBI figures on police brutality cases that come into federal courts tell a story in themselves. Between mid-1964 and mid-1965, 1,700 complaints of police brutality were referred to the Federal Bureau of Investigation. Forty seven such cases were presented to federal grand juries. Five cases led to conviction in federal courts. On the other hand, the FBI records, as published by U. S. News, indicated that 57 policemen were murdered by criminals in 1964 alone, 197 in the last four years. The number of policemen murdered annually in line of duty has doubled since 1960. There were 18,000 police officers assaulted in 1964. That was one out of every 10 policemen in the country. In 1964, 7,738 were injured in assaults, or one out of every 24. These are figures for city, county and state police.

The trained, legally constituted police officer is our first line of defense against crime and violence. In many ways, the police force provides a rewarding career for young dedicated officers. But it is no sinecure and as U. S. News concludes, "Prospects are that conditions for the policeman are not likely to show much improvement in times ahead."

The double-ring ceremony was performed by the Rev. R. C. Purf and the Rev. John Smith at two o'clock in the afternoon.

The bride was escorted to the altar by her father.

She wore a street-length gown, designed with an ivy satin skirt, Chantilly lace bodice and wrist-point sleeves, an overskirt of satin and lace fastened at the waist with a satin bow. Her pearl crown held secure a bouffant elbow-length silk illusion net veil. She carried a colonial arrangement of white carnations and red sweet-heart roses.

Maid of honor was Miss Martel Bobenmoyer and bridesmatron was the bride's sister, Mrs. Joseph M. Walsh.

Each wore a street-length gown with bodice of forest green velvet and skirt of light beige crepe. The empire waist was trimmed by a band of avocado satin. Their headpieces were avocado velvet leaves with face veils. Each carried a colonial bouquet of yellow and rust mums with matching ribbon streamers.

State College Scholarship Deadline October 31st

State Representative Nelson G. Tisdale (103rd District) is alerting high school seniors in his district that the deadline for registration to be eligible for a state college scholarship is October 31.

TISDALE SAID, "Unfortunately every year these deadlines go by and students who might qualify miss out. There are almost 6,000 scholarships available for the next academic year, 1966-67, and I want to make sure all high school seniors have a chance to apply."

"To apply," Tisdale said, "students should:

(1) Obtain a State of Michigan Competitive Scholarship registration form from their high schools.

(2) Mail self-addressed envelope, the registration form and a \$1.50 fee by October 31, 1965 according to the registration instructions.

(3) Take the State Competitive Scholarship examination at 8:00 A. M. Saturday, November 20 at the assigned center."

Tisdale indicated that high school offices should have all the necessary details available, but that in case they do not, interested students should write to the Michigan Higher Education Assistance Authority, 700 Prudential Building, Lansing, Michigan.

School Board Minutes

The regular meeting of the board of trustees of Grayling Public Schools was held in the teachers' lounge at the high school Sept. 13, 1965 at 8:00 p. m. The meeting was called to order by President Millikin. Also present were Pettyjohn, Henig, Millikin, Smock, Strong, Thompson and Dosch, trustees and Mrs. Bernard Fowler.

The minutes of the August meetings were read and approved.

The agenda showed a true balance in the general fund on August 31, 1965 of \$17,818.79 (this amount includes \$4,754.56 transferred from the Feldhauser School District fund); in the debt retirement fund \$31,904.53; in the building-end site fund checking account \$17,250 and \$18,000.00 in the savings account.

The annual audit was discussed. The Benedict School mentioned in the audit is one and the same as the Beaver Creek School District No. 3. General fund bills in the amount of \$12,476.30 (bills No. 5227 thru 5287) were unanimously approved for payment on motion of Dosch supported by Smock.

Building and site fund bills totaling \$1,993.22 were approved for payment on motion of Strong supported by Pettyjohn. Motion carried.

A bid from Claude Sloan for the Beaver Creek School No. 3 playground equipment was read. The equipment had already been moved to the new elementary school where it is needed.

The supl. was requested to review insurance on school bus. Bills of \$970.51 from Ted McEvers and \$529.34 from Jarmin Insurance were read for present coverage.

It was noted the noon lunch program had begun at the elementary school Sept. 13, and would commence at the high school Oct. 1, with Mrs. Eunice Slusser cook-manager and Mrs. Helen Feldhauser and Mrs. Catherine Hoffman cooks. Supt. Stripe was investigating stock ovens and would pursue the matter further when attending the M. E. A. and M. A. S. B. conventions at Cobo Hall, Detroit.

The need for additional bus storage was discussed.

Mrs. Fowler asked about crowded conditions on the bus from Feldhauser district and was assured the matter was already being remedied.

A motion by Henig supported by Thompson was carried unanimously that the expenditure of \$100.00 per night be allowed to offset the cost of the C. M. U. Field Services lessons on Modern Math for teachers and parents.

As a matter of record, regular school board meetings are held the second Monday of each month in the teachers' lounge at the high school.

An expenditure report of the building and site fund was presented.

Other minor matters were noted.

The meeting was adjourned at 10:00 p. m. on motion of Smock supported by Pettyjohn. Motion carried.

Social Security Changes To Affect Widows

Editor's Note: This is the second of a series of columns by E. O. Wiles, social security district manager in Traverse City, telling what the social security amendments of 1965 mean to you and your family.

Many area widows will be directly affected by one of the changes made in the social security law this year.

The new provision allows a widow, if she wishes, to start monthly benefits beginning when she is age 60. Up to now, a widow had to be 62 before she could start getting monthly payments, unless she had in her care a child of her deceased husband eligible for child's insurance benefits.

If a woman decides to start her benefits at age 60, she will receive a smaller monthly benefit than if she waited until she was 62, because she will be getting monthly payments over a longer period.

As an example of how the new provision works, let us take the case of a widow whose husband would have received a retirement benefit of \$106. She will receive \$67.50 a month if she decides to wait until she is 62. If she wants to start getting benefits when she is 60, her monthly payment will be \$75.90; if she waits until she is 61, she will get \$81.70 a month.

Once a widow receives a reduced benefit payment, she will always get a reduced payment. This will be true even if she later becomes eligible to receive payment based on her own earnings.

If anyone has a question about his rights or responsibilities under social security, he should not hesitate to write or phone the Traverse City district office, located 1111 E. Front Street. The telephone number is Windsor 6-8360.

Grayling American Legion Auxiliary Unit 106

A potluck supper was held at the Legion Hall on October 12 with fifteen sitting down to eat. Afterwards a regular meeting was held with several other members coming for it. Three new members, Gloria Kraus, Gloria Walker and Betty Woods, were taken in. Some real nice reports were given.

Our president at this time told the members she was leaving around the first of November and was turning over the meetings to her first vice-president Lois King, who will preside at future meetings until the president returns in the spring.

There will not be a Hallowe'en party this year, but there will be a social party on the 26th so bring a guest.

Oh yes, girls, your Auxiliary dues are due now. Our State President is from the Tenth District so please let's prove to her we are behind her 100% by getting our dues paid up early and get an early bird on our card.
